For this section—Fair and continued warm; Tuesday, partly cloudy.

VOL. CXXXIV— No. 126. ALEXANDRIA, VIRGINIA, MONDAY, MAY 27, 1918 PRICE ONE CENT.

RED CROSS CONTRIBUTIONS MAY GO OVER $18,000

Total Amount Received Up to Saturday Night Was $15,300—Five Per Cent of Saturday's Sales of the Merchants and Yesterday's Collections in the Churches, Also Money Coming in Today is Yet to Be Added to Final Sum.

The results of last week spelled victory in capital letters in the Red Cross campaign and owing to the fact that cash is still coming in from various sources the total amount given by the generous residents of the city cannot yet be told at the hour The Gazette goes to press today.

It was a great week's work and too much cannot be said in praise of the efforts put forth by the army of workers and the generous response made to the appeals by old and young, large and small.

The real wind-up of the campaign brought "some night" to the old city on Saturday evening, when private automobiles and army trucks carried four-minute speakers and handsome girls about the city in quest of contributions from the throngs of people who blockaded the sidewalks. Stops were made at nearly every corner, appeals were made and the girls did their part of gathering in the shekels. George D. Hopkins, secretary of the Old Dominion Glass Company, and Robert S. Jones, of the Smoot Tannery Company, helped along matters by offering to match subscriptions. They were promptly taken up until both of the gentlemen had emptied their pockets of upwards of a hundred dollars each. Two army buglers accompanied one of the big trucks and sounded the call for every one to "shell out" and it is stated that the street collections footed up about $1,000 before "taps" were heard for the night.

At the concusion of the evening's work the big army truck with girls and soldiers took a run over to Washington to let the Capital City people know that Alexandria had "gone over the top." On arriving in front of the Washington Post the city editor of that newspaper came down from the editorial room to the street and welcomed the party in a brief address in which he said: "Well, Alexandria is really awake, isn't it?"

There is no doubt about it. And she is going to remain awake from this time on.

The total amount of cash reported at the close of business Saturday night, so far as could be computed, was about $15,300. To that amount will have to be added the cash received from the 5 per cent of business done by the merchants on Saturday, the collections from the churches taken in yesterday and from other sources that are sending in today. The total sum derived from the campaign looks as though it might be anywhere from $18,000 to possibly $19,0000 or more, but the final total cannot well be known before tomorrow.

The "melting pot" for old rubber tires proved to be a fine idea as the pile of old tires and the smile worn by Mr. A. M. Remschel proves.

Chairman Carroll Pierce of the executive committee, received a telegram of congratulation Saturday night from Mr. John Poole, chairman of the Potomac district, on the success of the drive here. He said it was magnificent.

And so it was.

Chairman Pierce, of the gentlemen's committee, and Miss Mamie Lindsey, of the ladies' forces, as well as each member who had a part in the work, as well as all those who contributed are entitled to the sincerest congratulations.

GIRL ENDS LIFE

Child Fires Revolver as Father Reads Principal's Request for Explanation of Her Absence.

New York, May 27.—Jane Paris, a fifteen-year-old pupil at the Manual Training High School, Brooklyn, committed suicide Saturday night. She ran to her bedroom and shot herself in the right temple with a revolver while her father was reading a postal card from the principal of the school. It required an explanation of her absence from school for two days.

Wednesday the girl learned she had failed in one branch of examinations. Shame kept her away from school on Thursday and Friday. She spent those days wandering disconsolately in Prospect Park.

The card of inquiry from the school arrived at the house Saturday morning. Jane intercepted it. After carrying it about all day, she put it beside her father's plate at the supper table. When he picked it up, she fled to her room and shut the door.

The father, Salvatore Paris, had hardly finished reading it when he heard the revolver shot. An ambulance surgeon said she probably had died instantly. Paris told Captain John Coghlin she lived long enough to say:

"Please don't scold me, papa."

He professed ignorance as to where she had obtained the revolver.

FARMER KILLS WIFE

Easton Man, Recent Patient at a Hospital, Is Jailed.

Easton, Md., May 27.—Perry Thomas Leonard, a farmer living near Easton, and who recently returned from a hospital, Saturday night struck his wife over the heart, knocking her senseless. Her daughter, Mrs. Adelia Pease, of Philadelphia, with the assistance of a colored girl, dragged Mrs. Leonard to her automobile and started for the Emergency Hospital, but the unconscious woman died before they reached the institution.

Sheriff Stitchberry arrested Leonard, who is now in Easton jail.

Notice.

The business formerly conducted by the late Julian F. Chauncey will be hereafter carried on under the name of Mrs. Julian F. Chauncey. The public and particularly former customers, are notified that the best quality of all kinds of meat and meat products will be handled and sold, and their patronage is respectfully solicited.

HELENA C. CHAUNCEY.

104-30t

WILL HONOR WAR DEAD

President to Make Address at Arlington Cemetery Thursday.

Washington's second wartime Memorial day, with the nation engaged as a belligerent in the great war in the world's history, is to be observed with special ceremonies Thursday. The principal event is to be the speech of President Wilson at Arlington National cemetery at 1 o'clock Thursday afternoon, when the Grand Army of the Republic and the Spanish War Veterans are to unite in a memorial service in the old amphitheater.

During the forenoon ceremonies are to be held on the Potomac river for American victims of two marine tragedies of the present world war, those who lost their lives in the sinking of the Lusitania and the victims of Hun "kultur" who went down when the Tuscania was destroyed. The memorial services for Lusitania victims are to be in charge of the Legion of Loyal Women, while those for the dead of the Tuscania are to be in charge of the ladies' auxiliary of the Tuscania memorial committee.

KILLED THREE MEN

Murderer Barricades Himself in House and Wounds Another Man.

Grayson, Ky., May 27.—Melvin Collins, 23 years old, of Olive Hill, shot and killed Vint Carpenter, who was driving a team near a fire-brick plant, then killed Cleveland Sparks, and rushed into the brick machine department, killing John Howard.

Collins tried to find another man, declaring he would kill him also. Colins fled to a near-by farmhouse and barricaded himsef and fired from the window and wounded Levi Shields in the hip. The sheriff's officers fired as a man came from the house and wounded Tony Stephens. Stephens had entered the house to persuade Collins to surrender.

INTERNED GERMAN SHOT

Overstepped Dead Line and Failed to Halt on Order.

Atlanta, Ga., May 27.—Heinrich, Knappke, a German prisoner, interned at Fort McPherson, overstepped the "dead line" maintained inside of the wire fence surrounding the camp and failed to halt at the order of a soldier guard. He was shot and died an hour later in the post hospital. Colonel Van Orsdale, commanding, said the sentry complied with his duty and that no explanation was required.

Alexandria City and Suburbs

The Senior Class of the Alexandria High School gave $10 to the Red Cross.

Mrs. John B. Arnold and son, Harry, are visiting her husband at Camp McClellan, Anniston, Ala.

Miss Byrdie Pulliam, of Culpeper, is the guest of Mr. and Mrs. Henry O'Bannon Cooper, at their home in Braddock Heights.

Mrs. John Howard Irwin, of Bellwood, Pa., is spending a month with her parents, Mr. and Mrs. R. H. Hancock, at their home in South Lee street.

Rev. John Cavnaugh, formerly pastor of the Free Methodist church in this city, is conducting a successful revival in Liverpool, Ohio. The Morning Tribune of that place says he is a forceful speaker, and that his sermons are excellent.

Joseph Roger Cockrell 14 years old, who was working as waterboy at Camp Humphreys, was taken ill Saturday morning after eating his breakfast at the camp, and was rushed to the Alexandria Hospital, suffering from convulsions, and died at that institution early yesterday morning, the result of ptomaine poisoning, it is believed. The body was removed to Demaine's undertaking establishment, where it was prepared for burial, and will be sent tomorrow to his late home in Delaplane, Fauquier county. The deceased was a son of Joseph A. Cockrell, of Delaplane, who is employed at Camp Humphreys in charge of several teams, and the boy was there with his father.

The Greek play to be given tomorrow evening at 8 o'clock on the lawn at the northwest corner of Washington and Queen streets, under the auspices of Mount Vernon Chapter, Daughters of the American Revolution, will be under the efficient stage direction of Mrs. M. W. O'Brien. The characters will be as follows: Penelope, Miss Nina Carlin Fulton; Sappho, Mrs. George E. Pickett; Aspasia, Miss Collins McKay Jones; Antigone, Miss Sarah Kemper; Praxione, Miss Ruth Le Hew; Gorgo, Miss Carolin West; Zantippe, Miss Caroline Wattles; Eutychis, Miss Helen Roland; Cleopatra, Miss Lucy Anderson, and Alkestis, Miss Clarence Brent Snowden. The two little hand-maidens will be Miss Margaret Reed French and Miss Genevieve Peyton Shepperson, and the accompanists will be Miss Ruth Roberts, Miss Jean Roberts and Miss Dorothy Taylor. This open-air play is being presented during the week of a full moon to be most effective, and should the weather be inclement tomorrow the play will be postponed until Wednesday evening.

STONE AGAIN GRAND CHIEF

Re-Elected by Brotherhood of Locomotive Engineers.

Cleveland, May 27.—Delegates to the triennial convention of the Brotherhood of Locomotive Engineers have re-elected Warren S. Stone, of Cleveland, grand chief engineer for a term of six years. The election was by acclamation.

Assistant Grand Chiefs Fred A. Burgess, Franklin, Pa.; Ashmore Kennelley, Winnipeg, Canada, and L. G. Griffing, Patchogue, L. I., were all re-elected by acclamation to six-year terms.

Harry P. Daugherty, of Cleveland, for ten years chief clerk to Grand Chief Stone, was elected for a term of six years as one of the two new assistant grand chiefs provided for by an amendment to the constitution last week. The other new assistant grand chief will be elected Monday or Tuesday.

Alarm of Fire.

The alarm of fire shortly before 3 o'clock this afternoon was caused by the burning of paper in the furnace of the house at the southeast corner of Duke and Royal streets.

Don't forget to see the remarkable picture, "Twenty Thousand Leagues Under the Sea," at the Grand Theater Thursday next.

Notice to Elks.

There will be a meeting of Alexandria Lodge, No 758, B. P. O. E., on Monday evening, May 27, 1918, at 8 o'clock p. m. By order of the Exalted Ruler, A. A. Paul.

Geo. W. Bontz,
Secretary.

125-2t

Mrs. Percy Evans and Miss Harriet Bolling Douglass spent the week-end with friends in Warrenton.

Sergeant Robert M. Hancock, of Co. A, 116th Infantry, Camp McClellan, Anniston, Ala., has received an appointment to the fourth officers' training camp, at Anniston, and left his company to enter the training camp.

The funeral of Mrs. Alice Millan who died Thursday, was held yesterday afternoon at 4 o'clock from the residence of her son, Mr. Laurence M. Millan, 607 South Lee street. The Rev. Dr. Eugene B. Jackson officiated and burial was in Bethel cemetery.

Private Julian P. Ballenger, of the 665th Aero Squadron, who has been stationed in South San Antonion, Tex., and now in Garden City, N. Y., is on a visit to his parents, Mr. and Mrs. Julian Ballenger, at their home in Cameron street.

The ladies' auxiliary to the Old Dominion Boat Club gave the first of their series of semi-monthly dances Saturday evening in the clubhouse. The affair was well attended and was most enjoyable. This dance inaugurated the series which will be held on the first and third Saturday's hereafter, consequently another will be given this coming Saturday, under the auspices of the same organization.

The annual meeting of Lafayette Council, No. 2, Knights of Kadosh, was held last Friday night and the following elected to office: W. W. Ballenger, commander; A. M. Sherwood, first lieutenant commander; B. J. Richards, second lieutenant commander; J. J. Green, chancellor; J. M. Duncan, treasprer; F. W. Latham, recorder and almoner; S. W. Pitts, master of ceremonies; C. A. Gwinn, turcopiler; St. Clair D. Shelton, draper; C. C. Batcheller, first deacon; J. P. Chadwick, second deacon; B. K. Smith, bearer of beaucheant; W. J. Waller, bearer of white standard; H. L. Darnell, bearer of black standard; V. H. Peele, lieutenant of the guard; G. W. Zachary, sentinel; H. G. Harryman, organist, and W. J. Waller, soloist. These officers were installed by P. E. Clift, thirty-third degree honorary. Randolph Chapter, No. 3, Knights Rose Croix held their election the same night with the following result: William Lewis Allen, wise master; A. M. Sherwood, senior warden; R. J. Richards, junior warden; Chester A. Gwinn, orator; J. M. Duncan, treasurer; F. W. Latham, sentry and almoner; S. W. Pitts, master of ceremonies; H. L. Darnell, expert; J. P. Chadwick, standard bearer; E. C. Rand, guardian of the temple, and G. W. Zachary, sentinel. Mr. Clift also installed these officers.

MT. VERNON OPEN SUNDAY

But Only to Men in Uniform Commanded by Commissioned Officers.

Men in uniform will be admitted free to Mount Vernon, the home and tomb of Washington, every Sunday afternoon from 3 to 5 o'clock, during June, July, August and September. They will not be permitted to enter the grounds, however, unless they come in detachments in command of a commissioned officer.

Mount Vernon is closed on Sundays to civilian visitors. The grounds and mansion are open daily except Saturdays from 9:30 a. m. to 6 p. m. and on Saturdays from 9:30 a. m. to 8 p. m.

At the Picture Houses.

William S. Hart will appear at the Richmond Theater tonight in "Selfish Yates." It is a new Artcraft photo play in which the famous actor is seen at his best.

Tomorrow's production at the Grand Theater will be "The Captive God," in which is told the story of a shipwreck in which William S. Hart takes the leading part.

Notice.

An examination of the returns made to the Commissioner of the Revenue, by the Local Board of Review, shows that 40 per cent of the business and professional men of this city, requiring a state license have not up to this time, complied with the law. In view of this it was resolved by the local board that unless the necessary reports are filed and proper license secured by Monday, the 27th of this month, more drastic measures will be invoked to inforce the law.

E. E. Lawler,
Chairman, Local Board of Review.

123-4t

Mrs. William H. Demaine has gone to Middleport, Ohio, where she will spend the next two months with relatives.

Funeral services were held at 10 o'clock this morning for the late Mrs. Marietta Adams, at the home of her son, C. M. Adams, on King street extended, by the Rev. Dr. E. B. Jackson, pastor of the First Baptist church. Interment was in Union cemetery.

Through an error in compiling the list of names of merchants who gave 5 per cent of their gross business of Saturday to the Red Cross, the Alexandria Laundry Company, Wise & Co. and Mrs. George Whitton were unintentionally omitted from the announcements published in The Gazette.

John Javins, aged 77, died yesterday afternoon at his home near Pohick. Funeral services will be held at the Sharon church on Wednesday afternoon at 2 o'clock. Deceased was the father of Mrs. Silas Devers, of this city. He is also survived by his wife.

Norma, wife of Mr. C. F. Howershell, while laboring under a temporary aberration of the mind, shot herself last night about 10:30 o'clock at their home, 628 North Washington street. The bullet was fired from a 32-caliber revolver and entered her right breast. Mr. Howdershell had left her alone for a short time while he went out to visit the Mutual Ice Company's plant at the Potomac Yards, of which he is the chief engineer, and just as he entered the house on his return heard the report of the shot. Mrs. Howdershell was taken to the Alexandria city hospital, where she was attended by Dr. M. D. Delaney. It is hoped she may recover. She is about thirty-five years of age and has been ill for some time past.

The Cardinal Athletic baseball team defeated the Virginia Greys by the score of 9 to 7 in a game played on the local diamond yesterday afternoon. The features of the game were the home run made by Jeff Williams, the batting of Fisher, who made four hits out of four times at bat, and the fielding of Purdy, Strunkle and Devers of the Cardinals. The winners took things easy and did not use their strong line-up. "Doc" Ayres pitched a good game for the Greys and was given fine support by Moore behind the bat. Boles, Owens (2d) and Silex were the best players for the losers. Sunday, June 2, the Cardinals will play the strong Navy Department team on the home grounds in this city.

RESISTED DRAFT

Father and Son Arrested After Attack On County Clerk.

Suffolk, Va., May 27.—George L. Edwards, of Isle of Wight county, and his father, Samuel Edwards, were arrested Saturday, charged with resisting the draft, after making a vicious attack on the county clerk of Isle of Wight, Albert Sidney Johnson, who is also chairman of the local board of exemption. The two Edwardses came into Smithfield wrathful over the fact that the district board had refused to grant the industrial exemption claimed by George. After making ugly remarks about the action of the board and the War Department, it is alleged, George Edwards waited until he found Chairman Johnson alone and made an attack upon him. Before he could be stopped Johnson, who was unprepared, had his shoulder dislocated. He was rushed to the offices of Drs. Parker and Brock and his injuries received attention.

Father and son were immediately placed under arrest, and at the preliminary hearing before Justice Jordan S. D. Edwards was placed under bond of $1,000 and George Edwards of $2,000. Later a message was received from General Stern asking that bail be made large enough to hold the two, and the sums were changed to $5,000 for George and $2,000 for his father.

Potomac Fish Company.

The Potomac Fish Company will have on sale tomorrow and the balance of the week sea bass, Norfolk trout, Jersey trout, butter fish, white perch, pan rock and nice soft crabs. Phone 198. C. H. Zimmerman, 109 North Royal street. 126-1t

TO LAY THE KEEL OF THE FIRST SHIP THURSDAY

The Virginia Shipbuilding Corporation to Start Real Work of Building Ships for Uncle Sam on Thursday of This Week—Prominent Officials to Attend the Ceremonies—First Ship to be of 9,400 Tons.

Thursday afternoon of this week at 4 o'clock is the day and hour named for starting work on laying the keel of the first ship to be built in the yards of the Virginia Shipbuilding Corporation in Alexandria for the United States government.

No formal program can yet be announced, but it is expected that it can be given out within the next day or so. It can be said, however, that prominent officials from the United States Shipping Board are expected to be present to participate in the exercises.

The keel of the vessel to be laid on Thursday will be the first of twelve similar ships, the first one of which will be of 9,400 tons burthen.

When it is stated that the work of laying out the yards and erecting the necessary brick and cement buildings was started just eighty-five days ago and that the real work of building ships will begin on Thursday, it will be seen that the Virginia Shipbuilding Corporation has achieved a record that is most praiseworthy. The officials and men employed in the enterprise are to be congratulated for the splendid efficiency shown thus far.

Hang Out the Flags.

In honor of the laying of the keel of the first ship to be built in Alexandria, and to show its appreciation and good will for the Virginia Shipbuilding Corporation, The Gazette suggests that the Stars and Stripes be flown from every flagstaff, public building, business house and private residence in the city on Thursday.

Remember—Thursday is the day. Hang out the flags.

SUBMARINE SINKS U-BOAT

First German Undersea Cruiser to Be Destroyer is Sent Down Off Portugal.

London, May 27.—A German submarine of the cruiser type was sunk on May 11 in the latitude of Cape St. Vincent by a British Atlantic escort submarine. The Admiralty made this official announcement tonight. The statement says:

"One of our Atlantic escort submarines, returning to its base, reports that on May 11, in the latitude of Cape St. Vincent, while proceeding to meet a convoy, she sighted and sank a German submarine of the scout cruiser type. A heavy sea was running at the time. There were no survivors.

"Shortly afterward another enemy submarine was sighted, but by swift diving she escaped the fate of her consort.

"This being the first cruiser submarine destroyed, it has been decided to depart from the usual rule of not announcing the destruction of enemy submarines."

Cape St. Vincent forms the southwestern extremity of Portugal. Off this cape have been fought a number of historic battles. Another German submarine was reported on Friday to have entered Santander, a Spanish Biscayan port, in a damaged condition. Both vessel and crew have been interned.

To Raise $35,000,000 for Missions.

The recent general conference of the Methodist Episcopal Church South, which was held in Atlanta, Ga., gave its full approval to the Centenary of Missions Movement which proposes to raise $35,000,000 in the next five years for home and foreign missions, church extension and war work. Laymen in all sections of the South are enthusiastic regarding the measure and the leaders in the great movement are sanguine of success.

Where to Get It Done Right.

When you have a job of plumbing that you want done promptly and well call John W. Hogan, 103 South Pitt street, and get what you want when you want it.

DANCE

A dance will be given by the M. D. D. Club for the benefit of the K. of C. war fund, at Odd Fellows' Hall, Wednesday, May 29, 1918. Admission, 50c. 125-3t

Don't forget to see the remarkable picture, "Twenty Thousand Leagues Under the Sea," at the Grand Theater Thursday next.

ACCUSED DISMISSED

Members of Train Crew Appear in Police Court to Answer Charge of Violating Prohibition Law.

R. L. Deavers, conductor of passenger train No. 29, Washington-Virginia Railway, were before the Police Court this morning charged with violating the prohibition law, the former in transporting liquor into the state of Virgina, and the latter with being a party to the offense. Last week, it will be remembered, J. C. Shelhorse, deputy state prohibition inspector, boarded train No. 29, southbound, and attempted to take possession of a basket and a suitcase contining 36 pints of whisky. The officer saw the liquor placed upon the train in Washington, and when it reached the Virginia side of the river he was directed to the suitcase and basket by the porter of the train. When he attempted to seize the liquor the conductor and flagman interfered, the former insisting that Mr. Shelhorse should have had a warrent. The latter exhibited a warrant which called for the search of another train, and was dated back several days. When the train reached the Union Station the conductor and flagman turned the liquor over to L. H. Dolan, the station agent, who had it placed in a room which he locked. Mr. Shelhorse secured a warrant and the liquor was seized that night. The conductor and flagman had arrived in Richmond in the meantime, and State Inspector W. E. Payne had them arraigned on the charge of violating the prohibtion law. J. Sidney Peters, of Richmond, became their surety in the sum of $300 each for their appearance in the Alexandria Police Court this morning. After hearing the evidence, which was in part as given when the case against Mr. Dolan was before the court, who was charged with storing liquor, the accused were dismissed with an admonition, being told that it was their duty to work in harmony with the state officials in future.

Harry McCray was fined $1 for violating the traffic law.

Oscar Robinson, colored, charged with cutting Charles Broders, also colored, had his case continued for ten days. The cutting took place in the northern section of the city last night. Broders is now at the Alexandria Hospital, and his injuries are said to be serious. Robinson was arrested by two soldiers—Private Pedeus, of the military police, and Private Wolf, a visiting soldier.

The proprietor of a lunch house, charged with violating the Sunday law by selling soldiers ice cream cones, was dismissed.

Asked to Halt Air Raids

Amsterdam, May 27.—Cardinal von Hartmann, archbishop of Cologne, has requested Pope Benedict, the Volks-Zeitung, of Cologne says, to address a request to the allies to refrain from aerial attacks during the Corpus Chhristie celebrations on May 30.

The cardinal has instructed the priests of Cologne to hold no processions in connection with the celebrations and to take precautions in the event of raids during the services. The priests must be the last to leave the churches.

Death Notice.

DIED—Saturday, May 25, 1918, at 424 South Fairfax street, Alexandria, Va., Walter R. Douglas, aged 32. Deceased was a son of the late Solomon R. Douglas and Mary B. Entwistle. Funeral will be held Monday, May 27, at 4 o'clock p. m., at his late home and the body will be sent to Westmoreland county for burial. (Washington papers please copy.)

Announcement.

A respectfully announce myself a candidate for the Common Council from the Third ward at the election to be held on June 11, 1918.

C. J. Sullivan.

124-3t

ALEXANDRIA GAZETTE AND VIRGINIA ADVERTISER

PUBLISHED EVERY AFTERNOON
Except Sunday.
By The Alexandria Gazette Corporation, 317 King Street, Alexandria, Va.

Entered at the Postoffice at Alexandria, Virginia as second class matter.

HOWARD W. SMITH, President and Treasurer.
WILLIAM A. SMOOT....Vice President
EDWIN B. HARD, Editor and Manager.

NEW SPIRIT IN ALEXANDRIA

There is a new spirit abroad in Alexandria. It is the spirit of accomplishment, which is DOING THINGS.

It first became manifest in the bringing to the city of the magnificent shipbuilding plant of the Virginia Shipbuilding Corporation. Eighty-five days ago the work of constructing the yards was begun and today a large portion of what was waste land on the river front in the south-eastern section is covered with substantial brick buildings where thousands of workingmen are employed. On Thursday of this week the keel of the first of twelve steel ships will be laid there for the United States government.

The same spirit was again manifested in bringing to the city the General Shipbuilding Company, which is engaged in the manufacture of U-boat destroyers; also of the Briggs Aeroplane Company and the Alexandria Aircraft Corporation.

The reorganization of the new Alexandria Chamber of Commerce, with nearly eight hundred members, was another accomplishment, as was also the results attained in the first, second and third Liberty loan campaigns, the first Red Cross campaign and last week's second Red Cross drive furnished still another practical illustration in the splendid showing made in raising funds. In the latter campaign Alexandria's citizens were asked to contribute twelve thousand dollars, while the report up to today reveals the fact that they will have gone "over the top" and given nearer eighteen thousand—six hundred more than they were asked for—and the cash is still coming in.

If it is true that Alexandria has been asleep in the years gone by and is only just waking up, what may be expected of her when she gets really wide awake?

The Gazette is proud of the record Alexandria is making. All honor to the noble men and women who have united in the work, put shoulders to the car of progress and helped to DO THINGS.

What has done it?

Unity of effort—united co-operation—pulling together—to accomplish a specific purpose.

The same spirit—the same kind of splendid effort—can give the city larger and better schools, needed homes for its new residents, an adequate supply of pure water and gas, and make Alexandria a better city in which to live.

TRAVELERS AT CHURCH

The members of Post F, Travelers' Protective Association, of this city, attended the services at the Second Presbyterian church last night, where the Rev. Dr. John Lee Allison, chaplain of the post, delivered the sermon. He took his text from 1 Samuel xxx., 24—"But as his part is that goeth down to the battle, so shall his part be that tarrieth by the stuff; they shall all part alike."

The purpose of the speaker was to show that as all cannot engage in the battles for his country, those who "stand by the stuff" or in any other way contribute to their nation's welfare in the prosecution of hostilities are patriots and as honorable as those who shoulder their guns and march forth at their country's call. Much is to be done in the way of preparation and providing means for continuing contests which are necessarily to be done at home. The speaker's references were in the main in the interests of the Red Cross which is engaged in such commendable work behind the firing lines.

The exercises were of an interesting and impressive nature. The immortal hymn beginning "I heard the voice of Jesus say," was originally composed of three verses. After its publication a Presbyterian elder added the fourth stanza, which is at present incorporated in the hymn. Last night a new verse to "America" was rendered as a solo, after which the choir and congregation engaged in singing the original verses with genuine enthusiasm. The new verse is as follows:

God bless our splendid men,
Bring them safe home again,
God bless our men.
Make them victorious, dauntless and glorious,
They are so dear to us,
God save our men.

THE KAISER AND THE WAR

At times during the progress of the present war attempts have been made to exonerate the kaiser from the blame of setting the world upon fire by precipitating the terrible conditions which now beset mankind. Some of his less censorious critics prefer to believe that the emperor desired peace, and that he was led to take the fatal step by the demands of his war lords. Whether or not he is responsible for the present fearful carnage, will be settled by the future historian.

It is noticeable that every time Germany finds herself clogged in the prosecution of the war the statement is made that the kaiser's hands are clean. It is so now when the Teutonic fighting machine seems to be again in the momire.

A dispatch from Paris says a new theory explaining why Germany has delayed her resumption of the offensive in the west is brought direct from Germany by a Spanish statesman arriving here.

According to this diplomat the kaiser did not approve, and does not yet approve, of the tremendous offensive conducted by Hindenburg, Ludendorff and the crown prince. The effort was forced on him by them and by the military party.

"They promised the kaiser," said this statesman, "that Amiens would be captured and the French and British armies would be crushed by May 1. They said that although it would cost an enormous sacrifice in lives, the German army would reach the sea.

"Now the German people realize that this plan is a failure. Therefore, the kaiser, who opposed the offensive, is stronger than ever with the populace, while Hindenburg, Ludendorff and the crown prince are getting the blame.

"This will mean that the kaiser will place Prince Von Buelow back in power and a new peace offensive will be launched.

"For this reason the kaiser has forbidden a renewal of the offensive."

This new mention of Prince Von Buelow's name is considered significant because of the prince's position in German politics. He has been practically self-exiled since his failure to keep Italy from entering the war, having retired to Lucerne, Switzerland.

But Buelow before the war was conceded to be German's greatest statesman, and reports from Berlin have declared that when the kaiser is ready to throw his cards on the table in the great game for world peace, he will call back Von Buelow and make him the spokesman for Germany.

To alter the simile, Buelow is the kaiser's last card, at present held up his sleeve. When he decides that the game is up he will play him.

IS HINDENBURG DEAD?

If Hindenburg is dead, as persistent rumor has it, it may be pretty certainly guessed that he did not mean to die. As an exchange suggests, that man of iron heart had a task congenial to him, and he was looking for no discharge. If he is dead, the worst feature of what may be assumed is his probable distress in that he has not finished his job, that there are cathedrals yet not razed to the ground, smiling villages still smiling among their gardens, broad fields and splendid orchards and noble avenues of trees as yet undesecrated by cannon vomitings and the trail of the bloody beast; that there are old men who have not been maltreated with irreverent violence, little children prattling in security, maids unravished and matrons innocent of the embraces of fiends; that heroic foes remain uncaptured and free from mutilation and assassination; that there are yet little nations, unable to protect themselves, which have not been bulled into submission, betrayed with lies and the promise of their national future blighted by the emasculation of their youth.

WELL-MERITED PRAISE

Bishop Israel, head of the Protestant Episcopal churches in Europe, gave the following expression of his belief in Paris last week. He has been working in France ten months, entirely with the soldiers, visiting the front line trenches and the training camps:

"The morals of the members of the American forces are of the highest type. The soldiers live clean lives morally, and the percentage of indiscretions is insignificant compared with the ordinary American city. The soldiers show a devoted spirit in their mission here and are eager for a religious message."

In this connection it may be stated that more soldiers attend church services in Alexandria at present than was noted during our civil war or that with Spain, when the city was thronged with soldiers.

There was no sessions of the Police Court last Friday or Saturday, Alexandria having been reported as remarkably quiet. And this notwithstanding the fact that many soldiers, white and colored, were seen on the streets. There were no cases on the docket yesterday morning, and today but one case of disorderly conduct was reported, that having been a row between two negroes—not soldiers—who became involved over a room.

COMBAT HUN WIRE

Yankee Ingenuity Overcoming Latest Device, Say Hardware Men.

Atlantic City, May 27.—American wire plants are hard at work to duplicate and improve upon the "uncutable" barbed wire, barring the way into the Hun trenches, which was sprung on the allied forces immediately after the Germans intrenched themselves after failing in their latest drive on the western front, according to leading hardware manufacturers of the country arriving today for a great war conference of the industry which opens tomorrow at Traymore.

Yankee ingenuity has already created wire-cutters that will snip the latest Teutonic protecting devices like so much cheese, was the cheerful report of officers meeting in preliminary conferences tonight to the opening sessions of the Hardware Manufacturers' Association for War Service, which starts tomorrow in advance of the annual sessions of the American Hardware Manufacturers' Association and the Southern Hardware Jobbers' Association. Charles W. Asbury, of Philadelphia, president of the American Association, will preside over the deliberations tomorrow, while Fayette R. Plumb, of Philadelphia, will make important recommendations as chairman of the executive committee.

The chaotic conditions created by the war have seriously affected all branches of the industry, manufacturers, jobbers and retailers, and the best methods for conforming with the win-the-war program will be outlined at the conferences What conclusions are reached will practically be the policies of the hardware men of the country, in the earnest desire to co-operate with the government.

TAR AND FEATHERS FOR FOUR

Miners Also Threaten Strike Unless Red Cross Slackers Are Fired.

Johnstown, Pa., May 27.—George Hydeck, Marion Minersky, Frank Sorrocco and Joe Nonan were the only miners employed by the Pennsylvania Coal and Coke Company at Marstellar, who refused to contribute a day's wages to the Red Cross.

When the men left work this evening the other 300 men employed in the mine captured them at the mine opening, stripped them to the waist and liberally applied tar and feathers, afterward parading them through the town.

No further violence was attempted, but the miners say they will not go to work in the morning unless the four men are discharged, in the event they see fit to return.

MEXICO AND CUBA

Havana Withdraws Representative Minister at Mexican Capital.

Havana, May 27.—Diplomatic relations between Cuba and Mexico have not been severed, although they are somewhat strained, according to information secured here.

A crisis is unlikely so far as Cuba is concerned, it was said.

Mexico City, May 27.—Mexico has severed diplomatic relations with Cuba. This was learned officially after a report that the Mexican charge d'affaires at Havana and the Cuban minister here had been recalled from their respeceive posts had been confirmed at the foreign office.

The Cuban minister to Mexico, Dr. Ezequiel Garcia Ensenat, has not yet arrived in Mexico City, having been appointed only recently. During the interval Dr. Luis Santamaris y Calvo has been acting charge. The Mexican charge at Havana is Alberto C. Franco.

The recall of the Mexican representative to Cuba and the suspending for an indefinite time of the sending of a new representative is explained officially as due to the fact that because of the war in which Cuba is involved that government has been obliged to dictate measures that affect the interests of the Mexican government in many instances.

General Candido Aguilar, minister of foreign affairs, gave out a statement for the announced purpose of avoiding a misrepresentation of Mexico's action.

Fares One Cent a Mile.

Director General McAdoo announced late Saturday afternoon that soldiers will be carried on the American railroads for the duration of the war at a rate of 1 cent a mile.

The following statement was issued at Mr. McAdoo's office:

"Director General McAdoo, realizing that the payment of the full railroad fare means a serious hardship to our soldiers and sailors who desire to visit their homes before going overseas, has ordered that, as soon as necessary details can be completed, soldiers and sailors of the United States forces, when furloughed and traveling at their own expense, will be granted a rate of approximately 1 cent per mile. This fare will be available on delivery to ticket agents of certificates signed by commanding officers. Such certificates of standard form will be prepared and distributed with the utmost promptness."

26 KILLED AT LIEGE

Allied Airmen Destroy Longdoz Railway Station.

Amsterdam, May 27.—The Rotterdam Maasbode reports that an Entente Allied air raid has been carried out over Liege. The London railway station was destroyed and 25 persons were killed.

The London Railway station is the junction point for lines running to Namur and Maestricht.

A dispatch from London last Wednesday said that early that morning two bombarding formations sent out to attack the important railway triangle at Liege had dropped 22 heavy bombs and that large fires were started by the explosives.

Free of Charge.

Why suffer with indigestion, dyspepsia, torpid liver, constipation, sour stomach, coming-up-of-food-after-eating, etc., when you can get a sample bottle of Green's August Flower free at Leadbeater's Drug Corporation. This medicine has remarkable curative properties and has demonstrated its efficiency by fifty years of success. Headaches are often caused by a disordered stomach.

A gentle laxative. Try it. For sale in all civilized countries.

EVERYTHING FOR BUILDING BUT THE HARDWARE

COAL Smoot ALEXANDRIA, VA. LUMBER

EVERYTHING FOR BUILDING BUT THE HARDWARE

There Is A Story

of a pig, which grew wings and flew away.

We have no live flying pigs in this country, but when it comes to the price of pork—my, how it has flown up.

You know that pork, even at a low prices, is not especially good for children, for it's too hard to digest.

That's one good reason for not giving it to them this summer.

Another good reason is that for every pound of pork which our children do not eat this summer, we can send a badly needed pound to our soldiers and allies.

And another good reason is that milk, of a food value equal to pork, costs much less.

Your children will be healthy and you'll grow wealthy, if you're wise enough to give them Featherstone milk in place of pork.

Will you?

Favored Kaiser as Ruler

Chicago, May 27.—Ringing declarations in favor of the German emperor as a ruler in America as compared with the present administration were made at the meeting place of the Industrial Workers of the World in Milwaukee after the final break with Germany, according to testimony at the trial for seditious conspiracy of 112 I. W. W. leaders.

Joseph Burdall, who said he was forced to join the I. W. W. to safeguard his life, testified as a government witness that G. J. Bourg, a defendant, said: "Our bullets will not strike down the Germans, but will pierce the necks of the American officers."

Better Cooking by Electricity

Women have long known that electric cooking is cleaner, that it banishes all the dust and ashes of coal and wood and soot and fumes of gas. They have known that it makes the kitchen cooler; the air purer; that is the most convenient way to cook. Now they have the word of the women who stand for the most scientific cooking methods known, that electric cooking produces better results than any other means.

Let us demonstrate the various sizes of ranges and refer you to the satisfied electric range users.

NEW RAILWAY EPOCH

May 31 History Making in Changes on Nation's Roads.

The last days of May, 1918, will be a history-making period for the railroads of the United States. Things that have happened or are about to happen are:

1—The removal of the heads of all the railways and railway systems from any connection with the operation of the properties, and the putting of Federal managers in their places.

2—The putting of all the business of all the railroads on a cash basis.

3—Issuance of General Order No. 27 granting an increase of wages and the basic eight-hour day to all railway employes. The increases in wages in the aggregate will amount to approximately $300,000,000 a year.

4—Increases in freight and passenger rates to meet the increased cost of operation and materials.

5—Physical improvements and purchase of equipment authorized at an aggregate cost of between $800,000,000 and $900,000,000.

6—The taking over and operation of the express companies as a part of the Federal Railroad Administration.

7—The taking over under Federal control of all the short-line railways of the country, putting practically every mile of steam-operated railway under government control.

8—The taking over and operation of the Pullman car system (not the plant or corporate body) as a part of the Federal Railroad Administration.

FINES GO INTO WAR CHEST

Dayton Patriots Offered Noval Experience in Law Breaking.

Dayton, Ohio, May 27. — Patriotic citizens of Dayton, and that includes almost every person in the Gem City, will add a considerable sum to the city's War Chest if they heed the advice of Judge W. A. Budroe, of the police court. The judge invites the public to get arrested as often as they possibly can, as all money over and above the actual court costs is to be turned into the city's War Chest. The judge says citizens should get arrested for 'patriotic reasons." He has arranged a schedule for the "patriotic violators of the law" as follows:

Auto speeding, $10 and costs up to 20 miles, and $1 a mile for all over 20 miles passing street cars with autos while passengers are alighting, $5; drunkenness, $5; auto lights not burning, $2; fighting citizens, $10; fight-alien enemies, dismissed; petit larceny, all goods taken to be turned over to the War Chest and fines to be assessed in accordance with the amount of goods taken; disturbing the peace, $5.

All other fines will be levied in proportion to the offenses. It is expected several thousand dollars will be netted in this manner. A somewhat similar plan was followed during the Red Cross drive, though the program has been considerably extended.

"DAMN," SAYS PREACHER

But Congregation Cheers When He Denounces Kaiserism.

Cumberland, Md., May 27.—"Damn those who sympathize with the German!" exclaimed Rev. Dr. Robert MacGowan, pastor of the Bellefield Presbyterian Church, Pittsburgh, speaking Saturday at a luncheon of the War Chest workers in the Central Y. M. C. A. headquarters here. The audience, startled at first by the minister's sudden outburst, coming as the climax of a vigorous patriotic address, recovered from its astonishment almost instantly and joined in a storm of cheers.

Dr. MacGowan said no normal man wants to kill other human beings, and the United States did not want to enter the world war. "But we have entered the war," he continued. "We couldn't keep out of it and hold up our heads among Christian nations. And, now that we are in it, the business of our soldiers and those of our allies is to kill Germans, and kill as many as they can. There is no room over here any longer for any man or woman who is not heart and soul against German autocracy and all the things it stands for."

Arm Band for Women.

Washington, May 27. — American women who have lost members of their families in the service of the nation will wear a black arm band bearing a gold star instead of mourning if a plan recommended by the woman's committee of the Council of National Defense is generaly adopted.

President Wilson, in a letter to the chairman of the committee, Dr. Anna Howard Shaw, said:

"I hope and believe that thoughtful people everywhere will approve of this action, and I hope that you will be kind enough to make the suggestion of the committee public with the statement that it has my cordial indorsement."

GETS TWO YEARS

L. H. Keenan Convicted of Espionage Violation.

Martinsburg, W. Va., May 27.—In the Federal court at Wheeling, L. H. Keenan, a well-known attorney of Elkins, W. Va., ws found guilty of violating the Espionage act and sentenced to two years in the Federal prison at Atlanta, Ga., by Judge Alston G. Dayton. The convicted man wept when he stood up to receive sentence. Before his arrest at Elkins on a warrant issued by District Attorney Stuart W. Walker, of Martinsburg, Keenan was seized by a mob and tarred and feathered, and later in the Randolph county jail was roughly handled by several prisoners, who became incensed over his reported utterances. In view of the punishment already meter out to Keenan in this manner, District Attorney Walker did not press for a more severe sentence from the court.

AUCTION SALES

Auction Sale of a Desirable House and Lot on North Alfred Street.

Pursuant to the terms of a deed of trust bearing date on March 15, 1912, and duly recorded among the land records of the city of Alexandria, Va., in Deed Book 61, page 572, said deed of trust having been given to the undersigned by Ruth V. Smith, administratrix c. t. a., et als., default having been made in the payment of the note which said deed of trust was given to secure, and at the request of the holder of the said note, the undersigned will offer for sale at public auction, at the Royal street entrance to the Market building in the city of Alexandria, Va., at 12 o'clock noon, on Wednesday, May 29, 1918, all that lot of ground, with the buildings thereon, in the city of Alexandria, Va., bounded as follows, to-wit:

Beginning on the west side of Alfred street 196 feet 7 inches south of Oronoco street, and running thence north on Alfred street 82 feet 10 inches; thence west parallel to Oronoco street 113 feet 5 inches to an alley 10 feet wide; thence south on said alley 82 feet 10 inches; and thence east in a direct line 113 feet 5 inches to the beginning, with all rights and appurtenances to the same belonging or in any wise appertaining.

The property is improved by a desirable frame house.

Terms of sale—Cash. Conveyancing at the cost of the purchaser.

George E. Warfield,

KILLED IN AUTO WRECK

Her Neck Is Broken When Car Hits Ditch, Turning Over.

Easton, Md., May 27.—Another automobile accident occurred near this town yesterday which resulted in the death of Miss Woolford. Bowling Blades, son of James Blades, a farmer near Queen Annie, started out yesterdyay morning in his automobile bile for a ride with Miss Woolford, her father and two children in the machine. In crossing a bridge on the road he lost control of the car and it ran into a ditch, turning turtle. All the occupants were thrown out and Miss Woolford's neck was broken. The others were brought to the Emergency Hospital, where it was found that each child had a leg broken and Blades' arm was broken. Mr. Woolford escaped with bruises.

American Airman Killed

Paris, May 27.—Two American aviators, Paul Kurtzson, of Philadelphia, and Roger Babiani, who came from Cuba, have been killed on the front. Both had been in the American ambulance service and transferred to the American Flying Corps.

Kurtzson, according to the advices, after having completed his training as an aviator, asked permission to go up on Thursday. He flew over the German lines and soon afterward his machine came down in flames. Babiani, who was killed on Tuesday, was the wearer of a French military cross awarded to him for bravery while acting as an ambulance driver in 1915.

"The House of Lies

The marriage market with all its hollow mockery of love is exposed in this production.

HAM AND BUD COMEDY

OVERCOMING SUBMARINE

United States and Great Britain Supply Ships Faster Than Enemy Can Destroy Them.

Paris, May 27.—As proof that the allies are rapidly overcoming the submarine menace, Georges Leygues, ministers of marine, informed the army and navy war committees of the Senate yesterday that Great Britain and the United States alone had constructed in April 40,000 tons more shipping than was sunk by the enemy.

The minister declared also that the means employed to rid the seas of submarines had become increasingly effective since January and had given decisive results.

The minister pointed out the tremendous strides recently made by the allies in repairing ships damaged by torpedoes or mines, and declared that co-ordination between the allied nations had become so smooth during the last four months that the tonnage restored to the sea exceeded 500,000 tons weekly. Great Britain, he said, had repaired 598,000 tons in one week recently, while France had effected repairs upon 260,000 tons in one month. The increased building and more efficient and speedier repair work was constantly bringing better results in the transport of troops and supplies.

As to the increasing destruction of submarines, which was constant, said the minister, the figures for April were excellent, showing an increase over the preceding months, but were far surpassed by the results known to have been attained thus far in May.

Jacques Dumesnil, under secretary of aeronautics, announced to the committeemen that the program for the construction of naval machines prepared in 1917 had already been equaled in 1918, but that a new and more intensive effort was planned.

SINKING OF THE MOLDAVIA

Boat Struck by Torpedo Sent Down With Loss of Fifty-Three Americans Within Sight of Destination.

London, May 25.—With the exception of fifty-three American soldiers all the persons on board the British troopship Moldavia, which was torpedoed and sunk off the southern coast of England Thursday morning, were saved and have been landed at a channel port. No officers names are among the list of missing and it contains the names of only two non-commissioned officers.

Less than a quarter of an hour after the Moldavia had been torpedoed virtually every man had gone over the sides of the vessel into the lifeboats.

FALL FIFTY FEET WITH CAR

One Man Killed and Two Injured Persons May Not Survive.

Pittsburgh, May 27.—One man was killed instantly and a man and a woman were probably fatally injured when the automobile in which they were riding plunged through the railing of the New Kensington-Bouquet bridge, at Bouquet, and landed on the Pennsylvania Railroad tracks, a fall of fifty feet, yesterday morning. Zunzuri Marini, of Russelton, was the man killed, while the injured are Julius Lahafky, of Normantown, four ribs and left shoulder blade fractured and injured internally, and Mrs. Nettie Hampson, of Curtisville, concussion of the brain and jaw broken.

Marini was driving the car and lost control of it. The machine landed in front of a switch engine, the crew of which summoned aid. The automobile was demolished and Marini was crushed to death.

During the period of the War, we will not sell an American Midget Marvel Mill unless its purpose is to supply the local needs of a community, or our Government, with flour and feed.

DO YOUR BIT. Help the Government by saving the freight on wheat and flour. Relieve the railroads of this unnecessary congestion by establishing in your community one of these wonderful American Midget Marvel Roller Flour Mills.

And Make Money, Too

$150 to $1,000 per month can be made with this permanent, substantial and dignified business.

This wonderful self-contained roller mill is revolutionizing milling. Makes splendid flour at a better yield than the Government requires. One man without previous milling experience can run it successfully. Small cost, small power, easy operation enables it to make a "Better Barrel of Flour Cheaper." You can sack your flour under our nationally advertised brand "Flavo."

Our Service Department inspects your products each month free and keeps you up to quality. Sizes of mills from 15 to 100 barrels per day. You can start with the small size if you have $2,000 to invest. Sold on 30 days' free trial.

Write for our catalog and experiences of successful owners all over the United States.

If You Want A Super-Six, Get It Now

There Is No Certainty How Long Prompt Delivery Can be Made

You have read in the newspapers how automobile production has been reduced. And you know now further curtailment is planned for the future.

Increased uses for cars, because of reduced railroad facilities and other needs, keep up a demand that it will not be possible to fulfill much longer. Prices of some cars have already been advanced for the second time within the past six months.

It is likely that buyers will soon be offering premiums for prompt delivery of Super-Sixes.

This is the situation of the Super-Six.

For two years it has been the most popular fine car.

More than 50,000 have been sold.

No dealer has been able to accumulate stock during the past winter and the present demand exceeds the output.

Hundreds of cars are being driven overland to points of sale because freight is so uncertain and buyers want prompt delivery.

Today we can let you drive away in certain models. We might not be so fortunate tomorrow.

We have been told our allotment for the coming months is to be much less than we had planned for.

It is needless to tell you anything about Super-Six reliability. That quality is an accepted fact with all motorists..

There are ten different model types—There is one standard of reliability. If you get a Super-Six it will serve you well throughout the period now before us, in which it may be impossible to get new reliable cars.
